

# **FCC ID: UFR2306**

## **Technical Description :**

The brief circuit description is listed as follows :

Transmitter Portion:

- Y1, Q1 and associated circuit act as 27.145 MHz Oscillator.
- Q2 and associated circuit act as RF Amplifier and Modulator.

Encoder Portion:

- U1 DIP22 and associated circuit act as Encoder.
- S1-S11 and associated circuit act as Control Key.

## **Antenna Used :**

An integral antenna (non-extendable) has been used.
