Subject: Permanent Confidentiality Request for FCC ID: UFW-IBIS-KU

We hereby request confidential treatment of information accompanying this application as outlined below:

- Schematics
- Block Diagram
- Operational description
- Part List
- Tune up procedure

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors, especially for what concerns the internal pictures that would disclose to IDS's competitors the technology adopted.

More specifically the market for slope stability monitoring system and in general for landslide monitoring system is subject to significant competition, therefore IDS would be harmfully impacted by disclosure of such information and would suffer substantial harm to its competitive position with respect its monitoring system.

The information in the Confidential Documents is not currently available to the public in any substantial similar form. IDS takes care to prevent this information from being disclosed to the public.

The applicant understands that pursuant to Section 0.457 & 0.459 of the Rules, disclosure of this application and all accompanying documentation will not be made before the date of the Grant for this application.

Sincerely,

Guido Manacorda, Engineering Manager
