Dear Helen,  
Ans#1: Pls find the internal photos. The components are identical on the PCB and only different in the appearance.  
Ans#2: Pls find the detailed information of MP3 player in the sheet 7 of the test report.  
Ans#3: Pls find the sheet 32 of the test report for your reference.

Best Regards,

Iris Lin

Question #1: Please explain model difference among MMI-2T, MMI-3T, MMI-8T, MMI-XX. The external photos show the difference in appearance, are they sharing all components except outer cases? Please indicate clearly in the test report.

Question #2: The test report indicates no support equipment was used during the test, but test setup photos show MP3 player was used. Please update the test report.

Question #3: The test report - summary of dwell time, the max dwell time in DH1/DH3/DH5 mode is incorrect. Please update.

Best Regards,  
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in

application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
