Washington, DC 20554
USA

Subject: Frequency Banding, FCC ID UIPSQ896M141

Dear Sir/Madam,

The Aprisa SR+ digital radio is software controlled into various frequency bands in the 896-902 MHz range. These bands are programmed depending on the customer frequency ordered.

This device is designed to operate under Part 24 rules in the bands 901-902 MHz.

This letter serves as attestation supporting evidence for the frequency banding.

If you have any queries, please do not hesitate to contact me at the details below.

For and on behalf of
4RF Limited
Sincerely,

A handwritten signature in black ink, appearing to read 'Paul Young'.
