

RF Wireless Remote

- Move freely while using the RF Wireless Remote to control your iPod
- Control your music library from anywhere in your room or car
- Change the music you are listening without showing your iPod to strangers
- Easy to use design allows you to plug it and use it

• Starting the RF Wireless Remote Transmitter

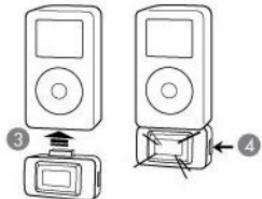

After you purchase the iPlus Wireless Remote,

- ① You must remove the plastic film from the battery compartment before using it.
- ② Turn on the Power Switch on the side of transmitter.

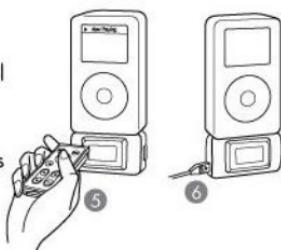

• Connecting the Wireless Remote Receiver to the iPod

- ③ Slide the RF Wireless Remote Receiver into the bottom of your iPod.
- ④ Press once the pairing button on side of unit, the receiver's light will begin to flash and "pairing" will automatically start. Once the light stops flashing, the Remote Transmitter has been found.

Operating Instructions:

- ⑤ Once your iPod is on, use the Transmitter (Remote Control) to control your iPod as if you were using the click wheel itself.
(Hold 'Play/Pause' key for about 2 second will turn the iPod OFF)
- ⑥ By connecting a mini-USB cable (provided) to the side of the Wireless Remote Reciever, you can sync or re-charge the iPod.

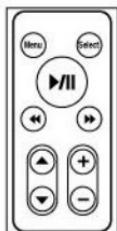

Technical Specifications:

Operating Range: Up to 60 feet
