## Attestation Letter

TO WHOM IT MAY CONCERN:

We, Fossil Group, Inc. declared our product, Smart Watch, model numbers DW7F1, DW7M1, DW7E1, DW7E2, DW7S1, DW7B1 and DW7T1 contained an identical PCBA. The only differences between these models are the color, strap material, and the chassis. These differentials are mainly for marketing purpose, there is no change in radio frequency, conducted RF output power, radio frequency circuitry, and functional capabilities, the only difference is the antenna gain for each model and they are as below:

Model	BT/BT4.2/WLAN
DW7F1	-4.87 dBi
DW7M1	-4.93 dBi
DW7E1	-4.92dBi
DW7E2	-5.65 dBi
DW7S1	-7.23 dBi
DW7T1	-6.9 dBi
DW7B1	-6.18 dBi

Sincerely yours,

Christopher King
