- [7] accessory hand strap

Product Features

- big hang hole with robust sporty rubber case
- IPX-4 splash proof for sporty actions
- 2W well tuned speaker
- built-in bass enhancer
- Bluetooth v3.0 wireless

Charging the speaker

- a) lift up the rubber cover, connect the micro USB port with the charging cable;
- b) plug the charging cable USB end with  marking to an USB port power source;
- c) RED LED lights up, indicates charging;
- d) when speaker is fully charged (approx. 2 hrs), LED will turn to BLUE

Pairing the speaker

- a) press and hold button 3sec to turn speaker ON;
- b) wait till LED flashing fast (8x/sec.) to show ready for pairing;
- c) for first time, browse smart phone Bluetooth device list, search and select the one 'GRiP';
- d) wait till a beep tone on the speaker which is sent from your phone, and then the blue LED constant lit;
- e) now pairing connection is successful

When you need to disconnect the speaker;

- f) switch off Bluetooth function on your smart phone,
 - g) the speaker's blue LED will flash slowly (1x/sec.)
 - h) then press and hold button 3sec to turn speaker OFF; (the pairing memory will be kept there)
- Next time when you turn ON the speaker again, speaker will automatically connect to your smart phone again and blue LED lit constant (your smart phone's Bluetooth function also need to be ON and is nearby <5M)

If you need to pair the speaker with a new smart phone;

- i) switch off Bluetooth function on your smart phone,
 - j) then power on your new smart phone's Bluetooth function.
 - k) after press and hold button 1sec to reset speaker, the speakers' blue LED will be flashing fast again (8x/sec.), and
- Then you repeat steps as in above a) to e).

Call-pick function

When speakers is connected to your smart phone (blue LED lit continuously), whenever there is an incoming call ring, you can press the function button once on the speakers to pick up and use it as speaker phone. (press button once again will switch the call to your smart phone)

How to Use / Controls

Play/Pause

During music playback, press function button once will pause playback; press once again will resume play.

Adjust volume

After speaker paired with your phone, you can adjust volume to desire level; select play songs ...etc. by operating your phone.

Battery low > recharge

There will be some beeping alert sound during playback. Then charge the speaker as mentioned steps in above section.

(You can play music at the same time while charging...)

FCC Compliance

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.
