**Subject:** FCC ID: UMGDEM

Mr. Madlangbayan:

In order for processing of this certification application (FCC ID: UMGDEM) to continue, the following issue(s) will have to be addressed:

- 1) The letter of authority must be addressed to Compatible Electronics TCB, and not the FCC. This needs to be reflected both in the address line, and within the text of the letter.
- 2) While a TCB contract was submitted, it was not signed. Please submit a signed TCB contract.
- 3) The confidentiality letter is requesting that the internal photos and manuals be held confidential. Typically, only schematics, block diagrams, and operational descriptions may be held confidential. Internal photos may only be held confidential under specific circumstances, such as when the device is potted, and the unit would have to be destroyed in order to view the internal circuits. Manuals are never allowed to be confidential. Please submit a revised confidentiality letter, and if internal photos are still being requested to be held confidential, further justification is necessary.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is UMGDEM-1.

Best regards,

Scott McCutchan  
Operations Manager  
Compatible Electronics TCB
