## Consumer Electronics

---

FCC ID: UMQSE655 and/or UMQS65H  
CANADA IC: 135E-SE655  
Device Name: US DECT Base Unit (or Handset)  
Model No.: SE655 FP, SE655 PP  
Date: 2008-04-15

Ref: 15.19 statements

Dear Sir:

We, Philips Consumer Electronics hereby request to the Commission for accepting the 15.19 statement to be shown in user manual due to the following reasons;

- 1) As shown in attached (SE655\_BOTTOM.pdf-Page1&2), there is no sufficient space for placing 15.19 statement on CASE BOTTOM.
- 2) We have already assigned some space for another labels that would be needed for controlling the product in the marketing field in USA.
- 3) Since letter length of 15.19 statement is too long, this will not be able to place another space on CASE BOTTOM.
- 4) Base unit will be associated to use with the STAND (so call as FOOT for desk top usage), some of small free space on the CASE BOTTOM will be covered by the STAND. Therefore, it does not make any sense to placing the 15.19 statement for those of small free space.  
(See SE655\_BOTTOM.pdf-Page2)
- 5) As to surface slopes on the CASE BOTTOM, it is difficult to carve engraving to tooling.  
(See SE655\_BOTTOM.pdf-Page3)
- 6) Further, we should respect design concept that was mutually agreed with our OEM customer (Philips Consumer Electronics) in order to avoid any of negative impression from end user. Therefore, we have decided to put 15.19 statement for user manual in accordance with FCC Part 15.19(5) since the placing 15.19 statement on CASE BOTTOM would not be practicable in actual usage of the product at all. (See SE655\_BOTTOM.pdf-Page3)

Sincerely,

---
