Gentlemen:

This letter was constructed in regards to the class 2 permissible change to incorporate a new antenna into an existing design. The equipment change procedures of CFR47 paragraph 2 allow the modification upon Grant of Certification approval. The alternate antenna is the only change made to the transmitter. There are no other modifications or alterations to the design. Please review the submitted information for the Class 2 permissible change and begin the Grant of Certification process.

Should you require any further information, please contact the undersigned.

Thank you for your consideration in this matter.

Sincerely,

Scot Rogers
