

TO: EASADMIN  
SUBJECT: Supersede Request

FCC CONF: TC237203  
FCC ID: URGT11A011

I would like to request that the internal photo exhibits (two of them) for this application be superseded. The client would like to discuss with the FCC the possibility of holding this exhibit confidential even though such an exhibit is not typically confidential. Until the time when a final decision is issued by the FCC, the client would like this exhibit withheld from public disclosure.

The Grant was inadvertently issued prior to this issue being resolved.

David Waitt
