LEXIBOOK®

BTC050_10series

9. Install the unit in accordance with the manufacturer's instructions.

10. Place the unit where there is good ventilation. Place the system on a flat, hard and stable surface. Do not expose to temperatures above 40°C. Allow at least 10 cm clearance from the rear and the top of the unit and 5 cm from each side.

11. Press the player's buttons gently. Pressing them too hard can damage the player.

12. Dispose of used batteries in an environmental-responsible manner.

13. Always ensure that the product is unplugged from the electrical outlet before moving or cleaning. Clean it with dry cloth only.

14. Turn off the product during lightning, storms or when it will not be used for long periods of time.

15. This product has no user-serviceable parts. Do not attempt to repair this product yourself. Only qualified service personnel should perform servicing. Take the product to the electronics repair shop of your choice for inspection and repair.

16. NEVER let anyone, especially children, push anything into holes, slots or any other openings in the unit's casing as this could result in a fatal electric shock.

17. Don't mount this product on a wall or ceiling.

18. Do not place the unit near TVs, speakers and other objects that generate strong magnetic fields.

19. Do not leave the unit unattended when it is in use.

20. Keep minimum distances around the apparatus for sufficient ventilation.

21. The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloths, curtains, etc.

22. The use of apparatus in tropical and/or moderate climates.

23. Batteries should be disposed properly. Take them to the collection container in order to protect the environment.

WARNING: All packaging materials, such as tape, plastic sheets, wire ties and tags are not part of this product and should be discarded.

POWER SOURCES

The Wireless speaker with microphones operates with the USB-C charging cable (included) or with a USB type adaptor (not included) 5.0V --- 0.5A. Input: 100-240V~50/60Hz

Power supply

1. Check that the unit is switched off.

2. Insert the small end of the USB-C cable (included) into the USB-C charging port on the side of the unit.

3. Connect the other end of the USB-C cable into the USB port of your powered computer or USB type power adaptor and connect it to a wall socket. The LED in the front of the unit lights up in red when the device is charging.

4. Once loading is complete the LED light will turn off.

Note: Please note that the USB-C cable can be used for battery charging only and not for data transfer.
The USB-C cable can be used for charging during playback.

WARNING:

- Danger of explosion if battery is incorrectly replaced. Please only replace it with the same or equivalent battery. (For service instructions only; battery is not intended to be replaced by the user).

- The battery should not be exposed to high temperatures, such as sunlight, fire or anything similar.

- Significant electromagnetic interference or electrostatic discharges may cause the device to malfunction or lose data. If the device is not functioning correctly, switch it off and then on again, or unplug the USB cable. In case the function could not resume, please use the product in other location.

Environmental Protection
Unwanted electrical appliances can be recycled and should not be discarded along with regular household waste! Please actively support the conservation of resources and help protect the environment by returning this appliance to a collection centre (if available).

Correct disposal of batteries in this product
(Applicable in countries with separate collection systems) This symbol means that the product contains a built-in rechargeable battery covered by European Directive 2013/56/EU which cannot be disposed of with normal household waste. All batteries should be disposed separately from the municipal waste stream via designated collection facilities appointed by the government or the local authorities. The correct disposal of your old batteries will help to prevent potential negative consequences for the environment, animal and human health. We strongly advise you to take your product to an official collection point or service center to have a professional remove the rechargeable battery. Inform yourself about the local separate collection system for electrical and electronic products and rechargeable batteries. Follow local rules and never dispose of the product and rechargeable batteries with normal household waste. For more detailed information about disposal of your old batteries, please contact your city office or waste disposal service center.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement
The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.

SAFETY INSTRUCTIONS

PLEASE READ BEFORE OPERATING THIS EQUIPMENT.
Before using the unit, be sure to read all operating instructions carefully. Please note that these are general precautions and may not pertain to your unit.

1. Read this Instruction Manual before you attempt to connect or operate the appliance.

2. Keep these instructions in good condition. Heed all warnings. Follow all instructions.

3. Save this Instruction Manual for future reference.

4. The apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the product. Dry location use only.

5. No naked flame source, such as candles, should be placed on the product.

6. Ventilation should not be impeded by covering the ventilation openings.

7. Only use accessories, which are specified by the manufacturer.

8. Use replacement parts, which are specified by the manufacturer.
