Attn: Reviewing Engineer
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Object: Declaration Letter for R1240I - qID – Wearable Bluetooth UHF RFID Reader
and R1240IB - qID – Wearable Bluetooth UHF RFID/BARCODE Reader

FCC ID: UVECAENRFID014

The product submitted for the FCC certification is available in two version:

- 1) R1240I, that is without the optional barcode reader
- 2) R1240IB, that differs from R1240I only for the presence of a 2D/3D barcode imager module.

Pretesting measurements of both versions, with and without barcode reader, have shown the same RF behaviour, so we request to apply only for one FCC grant.

The test report provided for the certification application contains the measurements performed on the complete version (R1240IB).

Sincerely

Adriano Bigongiari
Chief Operating Officer
