To whom it may concern,

The original identifier for the Grant of Equipment Authorization was UNWTC800A, granted on 10/24/2006.

The equipment subject to this change of identification is the same and does not differ from the previously authorized equipment with the exception of the branded RSTel logo on the device (photo on attachment to this letter).

The original test results are representative of and applicable to the equipment bearing the changed identification.

Sincerely,

Ralph Slotnick
President
RSTel, a subsidiary of RS Industries Inc
