Based upon our review of this application we have the following questions:

1. 731 FORM: Please provide us with a 731 form and filing for the NII portion of the device. We must apply a change in Id filing for this portion of the device as well. Thanks.

NII portion of this device is disabled. Please refer to attached revised user manual page 22, first paragraph.

2. Cover letter: Please add statements for compliance with 2.933(b)(3) and (b)(4):

“(3) How the equipment bearing the modified identification differs from the original equipment.”

“(4) Whether the original test results continue to be representative of and applicable to the equipment bearing the changed identification.”

Refer to revised cover letter.

3. The following file was submitted for the change in FCCID,
“M061023_Cert_RX_INN_Class_2.pdf” – 19pages (no appendices page). Please explain.
The same report was found for the C2PC filing, but the latter has 20 pages.

Refer to revised test report.
