

# Repeater TX Label V04

Designed and  
Engineered in the  
USA

[www.directedsirius.com](http://www.directedsirius.com)

MODEL: SIRWRS1

FCC ID: UX3TWISIRWRS1

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device must not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**WARNING:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## Response to Inquiry to FCC (Tracking Number 474491)

---

**Generic Office of Engineering Technology <oetech@fccsun27w.fcc.gov>****Fri, Sep 22, 2006 at 12:32 PM**

To: jdbrunett@gmail.com

**Inquiry:**

Please address the following two questions. 1) Is it permissible for a Part 15 device to be sold without a users manual (or other paper/electronic document) so long as all required statements (id number, rf hazard and interference warnings, etc...) are placed directly on the device? 2) If all required statements are placed on a device, must a users manual (or other paper/electronic document) be provided when applying for certification? Thanks. JDB

**Response:**

If the device is sold with the user manual attached to the product like a label, then the text of that label/manual document should be submitted as the User Manual in the FCC application for Certification. Please note that a User Manual exhibit is required for most Certification applications.
