Antenna

 A photograph of the Dongle's PCB from the top. The board is green with various electronic components, including a central chip, capacitors, and resistors. A small metal bracket is visible on the left side.	 A photograph of the Dongle's PCB from the back. A red rectangular box highlights a green, wavy trace on the left side, which is the antenna. The board shows a large black component, likely a heatsink, and several small components.
Dongle. PCB Upper view.	Dongle. PCB rear view with antenna.
