Cable, USB-C Host, 15ft.

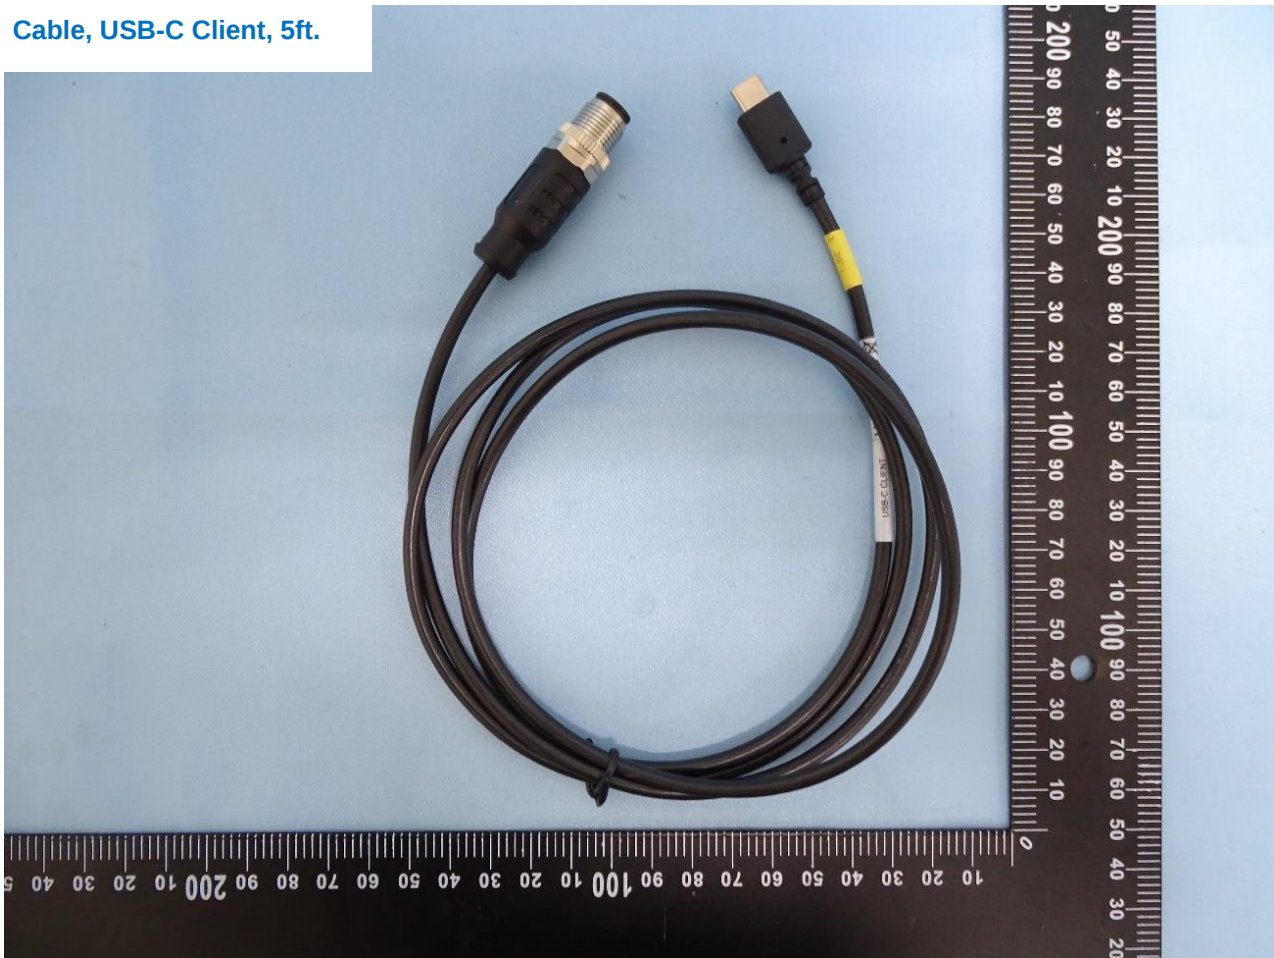

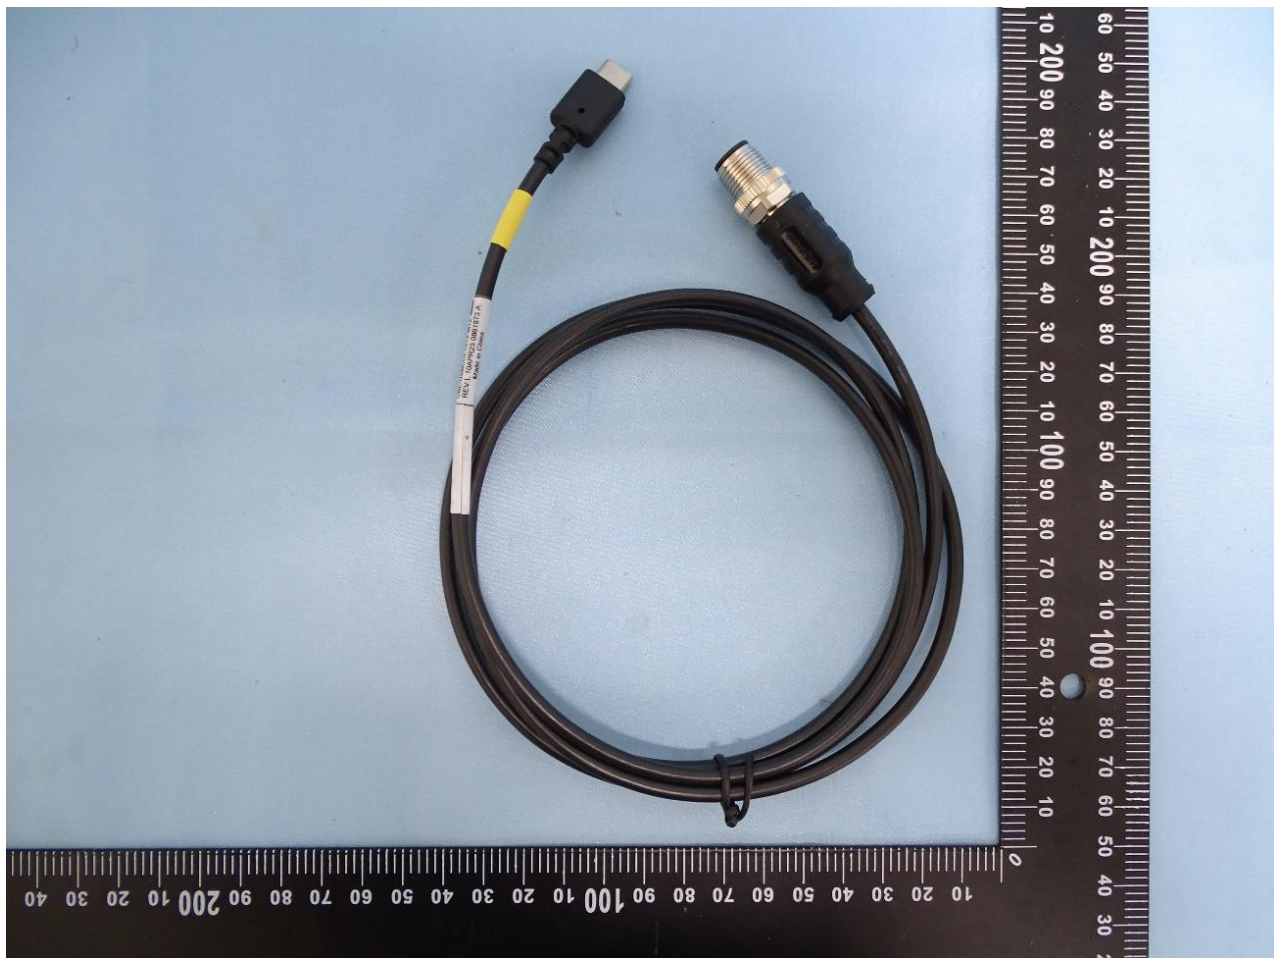

A photograph of a coiled black cable, likely a video or audio cable, lying on a light blue surface. The cable is coiled into a large loop. One end of the cable features a BNC connector with a gold-colored center pin and a black plastic housing. The other end of the cable is terminated with a small, black, rectangular plug. A small white label is visible on the cable near the plug. Two rulers are placed around the cable for scale: one horizontally at the bottom and one vertically on the right side. The horizontal ruler shows the cable is approximately 200 cm long. The vertical ruler shows the cable's diameter is approximately 10 cm.
