NOTES: 1. Stations marked (P) operate less than 24 hours per day, however, hours are extended when possible during severe weather. 2. Occasionally the frequency of an existing or planned station must be changed because of unexpected radio frequency interference with adjacent NOAA Weather Radio stations and/or with other government or commercial operations within the area.

CARE AND MAINTENANCE

GENERAL

- Use a soft, clean cloth moistened with plain, luke-warm water to clean the exterior of the unit.
- Never use solvents such as benzene or other strong chemical cleaners since these could damage the unit's finish.
- It is important that no liquid reaches the inside of the unit.
