Subject: Original certification of the Avnera AVMD7500 modular transmitter product

To whom it may concern,

We hereby respectfully request that under the provision of 47 CFR 0.459, the documents listed below as part of this application for certification be provided with confidential status.

Schematics

- “6 - Circuit schematics for AVMD7500 modular transmitter product - Confidential.pdf”

Operational Description, Data sheet, and Frequency Block Diagram

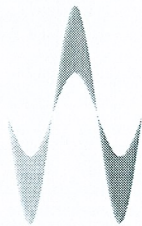

- “11 - Operational description of AVMD7500 modular transmitter product – Confidential.pdf”
- “12 - AVMD7500 module data sheet v0p91 - Confidential.pdf”
- “7 - Frequency Block Diagram of Avnera AVMD7500 modular transmitter product – Confidential.pdf”

Any exhibit / information for which we have requested confidentiality, but which may not be accorded such treatment by the FCC, should be returned to us.

The documents listed above contain trade secrets that are treated as strictly confidential by us. Substantial competitive harm to us could result should they be made available to the public, particularly inasmuch as none of the technical information regarding the AVMD7500 modular product is released for public consumption: *All* of our product data, application notes, etc are released under Non-Disclosure Agreement, and are transmitted in either hard- or softcopy form

or stored on a secure, password-controlled, website accessible only to qualified customers and vendors. This is in contrast to many manufacturers, who release their datasheets for public access and review: Avnera does NOT provide general access to ANY of our technical data. For this reason we ask that the datasheet also be kept permanently confidential, which we realize is in contrast to normal practice for publicly-accessible manufacturer's data.

Sincerely,

*Frederick G. Weiss*
