<b>Approval Type</b>	Original
<b>Equipment Class</b>	DTS Digital Transmission System
<b>Rule Part</b>	15.247DSSS

**Overview**

This application is for the certification of a 15.247 modular portable transceiver. The device meets the definition of a portable transceiver per 47 Cfr Part 2.1093. Output power is set at factory and the user is not able to vary the output power. The module uses a pair of identical antennas set at 90 degrees to one another with only one antenna used at any given time.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Short term confidentiality requested.

**Recommendation**

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
