Subject: RE: Questions Regarding FCC ID: V7M-SWU11
Attachments: User Manual-rev.1_V7M-SWU11.pdf

Dear Gregory Czumak,

I addressed your comment as below.

1. The JBP portion of this device was already tested and authorized under DOC.
2. I attached revised user's manual. Please find attached revised manual.(Refer to page 74)

Best regards,
 Harvey Sung

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Please confirm that the Class B peripheral portion of the EUT (JBP) has been authorized under DoC.
2. The test report states that, since the EUT is designed for "Fixed, indoor use", frequency stability measurements were only performed down to 0 degrees C. If this

is the case, the user must be cautioned accordingly. Please resubmit the user's manual with the appropriate warning statement included (e.g., "This device is approved for indoor use only.").

The items indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
