RE: FCCID VCPKB52U

Attention: Cherry Li

During the review of this device, the following items need to be clarified. Please be aware that there may be additional questions based upon the responses to these items.

1. This comment is informational only and does not require a response. 15.19(b) requires the use of the FCC Logo for devices that are authorized under a DoC. The manufacturer is responsible for ensuring the appropriate labeling of the device. Please investigate adding the logo to the device label to ensure full compliance with all pertinent regulations. The regulation does not allow for not including the logo.

Best Regards,

A handwritten signature in black ink, appearing to read "Michael Mobley". The signature is fluid and cursive, with a long, sweeping line extending from the left side of the name.

Michael Mobley

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to the correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
