Request for Class II Permissive Change

To Whom It May Concern:

Please be notified that we, the undersigned, Exegin Technologies Limited. declare that the reasons for this Class II permissive change are as follows:

1. Addition of one antenna to the supported antenna types associated with this certification.

New antenna details:

Manufacturer	Model	Type	Gain
Phoenix Contact	RAD-ISM-2400-ANT-VAN- 3-0-SMA	Omni-Directional	3 dBi (nom)

Note: The new antenna is for use with the 2.4GHz antenna port only.

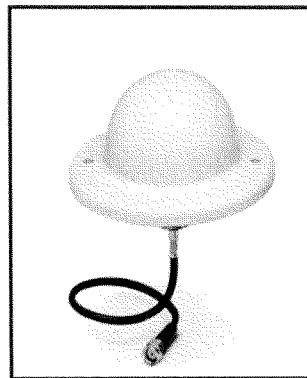

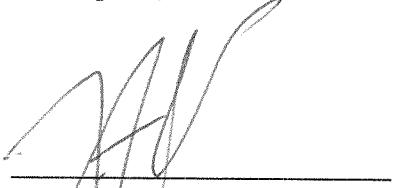

FIGURE 1 - PHOENIX CONTACT ANTENNA

This antenna has been tested with the certified device to ensure that the device remains in compliance with the FCC and IC rules for spurious emissions and RF exposure. The antenna is to be added to the certification in compliance with part (1) of the FCC's permissive change policy (KDB 178919).

A handwritten signature in black ink, appearing to read 'J.A.' or a similar initials.

Your attention regarding this matter is highly appreciated.

Best regards,

A handwritten signature in black ink, appearing to read "Fred Fierling", is written over a horizontal line.
