Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) with various electronic components, including integrated circuits, capacitors, and a USB connector. The board is positioned next to a black L-shaped ruler for scale. The ruler has markings in millimeters (0 to 100 mm) and centimeters (0 to 20 cm). The PCB is semi-circular and features a USB Type-C port on the left side. The components are soldered onto the board, and the overall layout is compact.
Antenna View	Antenna  A photograph of the back of a white, semi-circular device. A red rectangular box highlights a yellow, semi-circular antenna element. A red line points from the label "Antenna" to this box. Below the antenna, there is a circular component, possibly a battery or a sensor, with some wiring connected to it. The device has several small white screws or mounting points around its perimeter.
