

User Manual

The Model Name: PSHC122 / Brand Name: HOLLY

Safety Instructions

- I Check the laws and regulations on the use of mobile phones and handsfree equipments in areas you intend to use
- I Continuous listening of music at high volume may cause hearing defects
- I When cleaning the device, do not use any type of abrasive pad, scouring powder or solvents as these may render the finish dull permanently
- I Charge the battery for at least 3 hours before using
- I Do not use in places like hospitals, airplanes etc where use of electronic devices is prohibited
- I Do not expose components to extremes of sunlight, temperature, moisture or vibrations

Product Specification

Bluetooth specification V1.2 compliant

Bluetooth A2DP profile (AV Profile) AVRCP profile Headset and Hand free profile

Frequency Band 2402 ~ 2480 MHz

Tx Power: 0.685mW (Bluetooth Power Class II)

Rx Sensitivity: < -80dBm (BER+/- 0.1%)

Distance: > 10m (open space)

Audio Streaming Format:SBC 48.000 kHz

Audio Frequency Range :20Hz ~ 22 kHz

Audio S/N:> 85dB

Audio THD:< -83dB

Audio Output Power:> 20mWrms

Power supply Rechargeable battery

Physical Specification:

Dimension: 71.7 x23.3x12.3mm (LXWXH)

Weight: 17g

Environmental Range:

Operating temperature:-10 ~ +70°C

Humidity: Relative humidity 0 ~ 95%

1. Check the package contents

Thanks for buying our product.

Standard package including following items:

(1)Bluetooth Stereo Headset

(2)USB Charging cable

(3)User Manual

Following accessories are optional:

(4)AC Power Adapter with USB connector

(5)Necklace type earphone

2. Charge the battery

The battery lasts eight hours and is recharged using the power adapter or the USB Charging cable.

To recharge the battery you can do it by one of the ways below:

Plug the USB charging cable into the DC jack in the Bluetooth Stereo Headset and connect the other end to the USB port of your PC.

Plug the power adapter into the DC jack in the Bluetooth Stereo Headset and connect the other end to an electrical outlet.

Note : Before first use, charge the battery fully for 3 hours. Thereafter, recharging takes 90 minutes.

European CE notice to users and product statements

This product is CE marked according to the provisions of the R & TTE Directive (99/5/EC). Hereby, we declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
