**Subject: Application for certification for adding a new equipment class to an existing
FCC ID:VG5WIN7258 of the WiMAX pBST base station transceiver**

Dear Gentlemen,

Please find attached our application for certification for adding a new equipment class to an existing FCC ID:VG5WIN7258, prepared in accordance with FCC 47CFR part 15 subpart E §15.407. Following new FCC rules [part 15 section 15.37(h)] for digitally modulated devices operated in 5725-5850 MHz, we narrowed the operating band to 5730-5845 MHz to meet the required limits of part 15 subpart E. No hardware change was made.

The product testing and this application for certification were performed by Hermon Laboratories, which is listed by FCC (Registration Numbers 90623, 90624). The FCC Designation Number is IL1001.

Hermon Labs responsible person is Mr. Michael Nikishin, EMC and Radio group manager, tel: +972 4626 8440, fax:+972 4628 8277, e-mail:nikishin@hermonlabs.com.

Please send an invoice to Hermon Labs.

Sincerely,

Israel Aminov, HW Engineer
