

Modular Approval Request Letter

DNB Engineering

Nov 27, 2007

Dear Application Examiner,

Yokoyama Co. Ltd. Digital Transmission System, FCC ID: VH31111, would like to have your authorization for Module Approval specific to the mobile device. The requirements of Public Notice DA00-1407 have been met and shown in the following statements.

1. "The modular transmitter must have its own RF shielding.":

The modular transmitter is shielded on all sides. See External Photos Exhibit.

2. "The modular transmitter must have buffered modulation/data inputs."

The modular transmitter has buffered modulation/data inputs. See IC5 Block Diagram Exhibit.

3. "The modular transmitter must have its own power supply regulation."

The modular transmitter has its own power supply regulation. See IC7 Block Diagram Exhibit.

4. "The modular transmitter must comply with the antenna requirements of section 15.203 and 15.204(C)."

The modular transmitter complies with the antenna requirements of section 15.203 and 15.204(C)."

5. "The modular transmitter must be tested in a stand-alone configuration" The EUT was tested in a stand-alone configuration via a Mimi-PCI to PCMCIA adapter card.

The modular transmitter was tested in a stand-alone configuration. See Test setup photos exhibit.

6. "The modular transmitter must be labeled with its own FCC ID number." If the module is going into a host then a label the says this unit "Contains FCC ID" number must be displayed on the outside of the host equipment.

The modular transmitter will be labeled with its own FCC ID number. If the module is going into a host then a label on the host will say, "Contains FCC ID".

7. "The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements."

The modular transmitter complies with 15C 15.247 and will be provided with an instruction manual including adequate instructions. See Test Report and Instruction Manual Exhibits.

8. “The modular transmitter must comply with any applicable RF exposure requirements.”

RF output is below hazardous levels. See RF exposure statement, RF Exposure Exhibit.
