RE: Comments (2) for SYSTEM-100
APPLICATION: VKC-SYSTEM100 Stanley Innerspace

Dear Mr. Johnson:

Below are the comments that you have provided regarding the application for certification referenced above. Our responses to those comments are in ***bold italic***. Many responses refer you to additional exhibit(s) which has been uploaded to the application folder at the ATCB website.

Thank you for your attention. Please feel free to contact us for any additional information that you may require.

Regards,

Steven D. Koster
EMC Operations Manager

Brian J. Dettling
Documentation Specialist

WLL Project: 9936

1) While schematics of the RF reader have been provided, there are not any component values. Kindly provide an updated schematic, or optionally, provide a parts list to go with the schematic. If a parts list is provided separately, please be sure to update the confidentiality letter as necessary.

R. Please see "ID ISCPRI01-PartList". The confidential request letter includes Parts Lists.

2) Are conducted photos with actual antennas available as well?

R. Photos were taken at the conclusion of testing with the dummy load in place.

3) Your response mentions the device/system complies with Part 15 Class A levels, but the manual still cites Class B. Please review/explain.

R. Please see updated User Manual “System 100 User Guide R8 edit 3.08”.

4) Regarding previous comment 12), this information was not found in the manual. Kindly explain where this may be found.

R. Please see updated User Manual.
