Dear Tim,

Thank you for your reply and my answer is as belowing.

Q1: User manuals do not include statements from 15.21 and 15.105. Please provide revised manual with the following statements. The EUT intended only for commercial environment.

Q2: The entry in the CCS application form showed an Equipment Class DXX. If this device is a transceiver as indicated in the documentation, the correct Equipment Class is DXT. Please confirm if this device is a transceiver and if the application should be changed.

ans: Sorry the correct Equipment Class is DXT.

Vicky Liu 劉淑芳

Dear Vicki,

Please reply to the following items for this application. If you have questions, please ask.

Q1: User manuals do not include statements from 15.21 and 15.105. Please provide revised manual with the following statements.

IF INTENDED FOR OPERATION THAT COULD INCLUDE RESIDENTIAL ENVIRONMENT.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by <company name> could void the user's authority to operate this equipment.

IF INTENDED ONLY FOR COMMERCIAL ENVIRONMENT

NOTE: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Changes or modifications not expressly approved by <company name> could void the user's authority to operate this equipment.

Q2: The entry in the CCS application form showed an Equipment Class DXX. If this device is a transceiver as indicated in the documentation, the correct Equipment Class is DXT. Please confirm if this device is a transceiver and if the application should be changed.

Best regards,

Tim Dwyer
CCS Technical Reviewer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

This e-mail transmission is confidential and intended solely for being reviewed by the recipient(s) identified above. If you are not an identified recipient, please ensure that this communication remains confidential and promptly return it to the sender. Please contact immediately by phone (Tel: 886-2-2299-9720) for any problem with this transmission. Thank you for your attention.
