

Attention:  
Application Examiner

Re: Request for confidentiality

Applicant: Commend International GmbH

FCC ID: VM9ERT860-861

To whom it may concern,

***Permanent Confidentiality***

Request is hereby submitted by Commend International to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics ✓
- Detailed Block diagrams ✓
- Detailed Operational/Functional Description ✓
- User manual ✓

Note:

Due to the fact that our products can only be acquired by certified partners and therefore are not available to the masses and additionally the development of the products involves lots of know how and funding it is our request that all documents are kept confidential.

Rationale for request for confidentiality:

Commend International GmbH has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,  
Michael Heise

Commend International GmbH
