Callpod, Inc. is requesting to invoke a confidential flag on the following items contained in this submission document for the Dragon Bluetooth headset product.

The information listed in this section is proprietary and not to be shared with any 3rd party team without full authorization from Callpod, Inc.

Information Callpod, Inc. considers confidential:

- I. Schematics.
- II. Block Diagrams.
- III. Theory of Operation.
- IV. Power and other characteristic setting not listed on public domains such as user guide manual or website.
- V. Software, which includes application firmware and DSP code.

Sincerely,

A handwritten signature in blue ink that reads "Lourans Aoraha". The signature is fluid and cursive, with the first name and last name clearly distinguishable.

Lourans Aoraha
Vice President of Engineering
