Re : FCC ID No. **VN3-DPF3048**

Dear Sir,

Intraco Trading bv requests the acceptance of the labeling proposal described below for **digital photo frame** bearing FCC identifier **VN3-DPF3048**.

The product **digital photo frame** which bears FCC identifier **VN3-DPF3048** is shown in the following figure.

The size of the product **digital photo frame** is 70mm x 40mm.

Because the majority of the device housing is composed of display and keys, there is extremely limited space available to carry the FCC statement in the label. For this reason, Intraco Trading bv proposes placing FCC statement in the user manual

Sincerely,

Jordan Liao
