<b>Agent</b>	Robert A Bruce, PhD
<b>Approval Type</b>	Original
<b>Equipment Class</b>	DXX Part 15, Low Power Communication Device Transmitter
<b>Rule Part</b>	15.249

## Overview

The model CGMT01 is a low power transmitter operating in the 2.4 GHz band under FCC rule part 15.249. The CGMT01 is part of a Continuous Glucose Monitoring System, which allows individuals to track changes in tissue glucose levels as part of a Diabetes management regimen. The CGMT01 is a body worn transmitter which communicates with and sends data to a transceiver/monitor. The monitor then store and displays the data received.
