Octagon House
Concorde Way
Segensworth North
Fareham
Hampshire
PO15 5RL

We hereby state and confirm the following:

1. TCM Mobile Ltd. ("TCM") has designed and produced a system unit that its tuning range is 2412-2462MHz – model # TCM-BST-001 (the "TCM Unit").
2. For possible future testing only, TCM placed inside the TCM Unit an access point produced by Sparklan – model # WX-7800A and FCC ID# RYK-7800A ("Sparklan Unit")
3. The Sparklan unit is not connected to the power supply or to any other components of the TCM unit and therefore is not operational. Since the TCM Unit is a sealed unit, the use of the Sparklsan unit is inhibited.

Sincerely,

Avi Shani – CEO
CTO
