Subject: FCC ID: VO6IP-VU1A Justification Letter for Expanded Frequency Range 136-175MHz and 420-520MHz

Gentlemen;

You have asked China New Century (Quanzhou) Communication Electronics Co., Ltd. for justification to have the freq range **136-175MHz and 420-520MHz** appears on the face of the FCC Grant of Certification for a Part 90 Certification. This frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification.

(1) China New Century (Quanzhou) Communication Electronics Co., Ltd.'s Marketing Department plans to ensure that USA users, other than those specifically identified in this letter, not operate within non-US frequency, as controlled by the users' FCC station license.

(2) This device will not be marketed to USA users, other than those identified in the letter, namely the US Government and its various departments & military, for operation in non-US frequency range.

Sincerely,

China New Century (Quanzhou) Communication Electronics Co., Ltd.
