Newberry, Florida 32669

**Subject: FCC ID: VO6TD-788 justification letter for expanded frequency range 136-174 MHz**

Gentlemen;

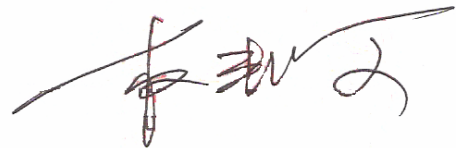

You have asked **China New Century (Quanzhou) Communications Electronics Co., Ltd.** for justification to have the freq range **136 -174 MHz** appears on the face of the FCC Grant of Certification for a Part 90 Certification. This frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification.

(1) **China New Century (Quanzhou) Communications Electronics Co., Ltd.** 's Marketing Department plans to ensure that USA users, other than those specifically identified in this letter, not operate within bands **136 - 150 MHz**, as controlled by the users' FCC station license.

(2) This device will not be marketed to USA users, other than those identified in the letter, namely the US Government and its various departments & military, for operation in **136 - 150 MHz** frequency range.

Sincerely,

China New Century (Quanzhou) Communication Electronics Co., Ltd.
