Topic:
Acknowledgment of Understanding on the Limitation of Radio Modules with **Limited Modular Approval**

It is acknowledged and understood by Dickson Company that with Limited Modular Approval for FCC ID: VOH-62831853, this module will be limited for use only within Dickson Company Products. Dickson Company is also fully responsible for each configuration this module is installed within. Additionally, as this module is introduced within other Dickson products, the Transmitter Spurious Emissions for each Host Device will be tested to ensure each complies with the FCC limits
