**Request for Confidentiality for VPX-3160-25A**

Aviat Networks requests according to FCC 47 CFR 0.459 that the following items are held permanently confidential and from public view:

Block diagrams  
All schematic diagrams  
Parts list  
Tune-up information  
Operational description

These items contain proprietary information that represents considerable investment on the part of Aviat Networks. Public disclosure of this information would be damaging for Aviat Networks due to the competitive nature of our industry.

A handwritten signature in black ink that appears to read "R. French".

Ruth French  
Product Compliance Manager
