RE: E-DIGIT TECHNOLOGY LIMITED

FCC ID: VQ4TX001TX002

I have a few comments on this application. Depending on your responses, kindly understand there may be additional comments.

1. Operational description
The operational description does not explain anything about the circuitry involved.
Please provide operational description according to 2.1033(b).
"2.1033 (b) (4) A brief description of the circuit functions of the device along with a statement describing how the device operates. This statement should contain a description of the ground system and antenna, if any, used with the device."
2. Test report:
Please check if the test results were performed on 20 December 2003 as shown at page 8.

Best regards,

~~~~~

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
