Re: FCC ID: VSF23795

To Whom It May Concern:

The following application is submitted on behalf of our client, Juniper Systems, Inc., for evaluation of their module certified under FCC ID: VSF23795 for a Class II Permissive Change.

The purpose of this Class II Permissive Change is to include FCC ID: VSF23795 to the Juniper Systems, Inc. Archer2 portable handheld device.

The Archer2 contains a GSM/GPRS/UMTS/HSPA module as well as an additional modular approved device, WiFi/Bluetooth FCC ID: VSF23545. The Juniper Systems, Inc. portable handheld device was evaluated for RF exposure with results provided in the SAR report included in this application.

FCC ID: VSF23795 and FCC ID: VSF23545 can transmit simultaneously therefore the Archer2 host has been evaluated for radiated inter-modulation products for all combinations of simultaneous transmission and found to be in compliance.

Details of the Archer2 portable handheld device are included in the internal and external photographs provided in this application.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
