Date: May 5, 2015

Gentlemen:

Juniper Systems, Inc. respectfully requests confidentiality of certain materials provided with the submission of the FL6501 and FL6502 under FCC ID: VSF24243 in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the system block diagram, schematics, and theory of operation contained in this filing and included in the following files.

15-0093 – System Block Diagram.pdf
15-0093 – Theory of Operation.pdf
15-0093 – Schematics.pdf

The FL6501 and FL6502 have been developed at considerable effort and expense by Juniper Systems and Sensus Metering Systems. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,
