Gentlemen:

Yeonhwa M Tech requires the Part 90 FCC grant list frequencies outside of Part 90 assignments because state and local government users specify operation outside of Part 90 so that they can interoperate with Federal agencies. The issue being that user's that are not under NTIA frequency coordination must use radios that have FCC approval.

Sincerely,

A handwritten signature in black ink, appearing to read "HDK" or similar, written in a cursive style.
