Subject: FCC ID justification letter for expanded frequency range 400-500 MHz

Gentlemen;

You have asked **Yeonhwa M Tech Co., LTD** for justification to have the 400-500 MHz frequency range appear on the face of the FCC Grant of Certification for a Part 90 Certification. This frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification.

(1) **Yeonhwa M Tech**'s Marketing Department plans to ensure that USA users, other than those specifically identified in this letter, not operate within bands 400-406.1 MHz, as controlled by the users' FCC station license.

(2) This device will not be marketed to USA users, other than those identified in the letter, namely the US Government and its various departments & military, for operation in 400-406.1 MHz frequency range.

Truly yours,

A handwritten signature in black ink, appearing to be "HDK" or similar, written in a cursive style.
