RE: Utune IT, LLC

FCC ID: VTEUTUNE00777

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) The Label appears on the battery compartment door. This is not allowed under FCC rules. All labels must be permanently attached to the device. Battery compartment doors are not considered "permanent".
- 2.) FYI: Please note you have used the wrong limits on some of your radiated emissions. The frequencies of 1580, 2376 and 3872 all fall into the 15.205 'Restricted Bands'. The limits applicable to all frequencies above 1GHz are 54dBuV.

William H. Graff  
President

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
