TITLE: Operational description CFC105 (FCC ID: VUB590087)			

**FCC ID: VUB590087**

## Operational description

The device is a wireless CF Type II adapter which operates at the frequency of 2.425 GHz and is powered by host equipment from port.

The transceiver is a single-chip 2.4 GHz IEEE 802.15.4 compliant RF transceiver with baseband modem and MAC support.

The transceiver uses Direct Sequence Spread Spectrum (DSSS) technology and Offset-Quadrature Phase Shift Keying (O-QPSK) as modulation scheme.

The antenna type used in this device is a snap-in PCB antenna without connector.
