

1. The Block Diagram is not consistent with the requirements of 2.1033(b)(5). Please review.

2.1033(b) (5) A block diagram showing the frequency of all oscillators in the device. The signal path and frequency shall be indicated at each block. The tuning range(s) and intermediate frequency (ies) shall be indicated at each block. A schematic diagram is also required for intentional radiators.

[The revised block diagram has been uploaded to database.](#)

2. The Schematics are unreadable. Please revise and upload.
