RE: CONFIDENTIALITY REQUEST FOR AWS Mini Repeater, FCC ID- VUVAWS26UNIGW

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the:

- AWS Mini Repeater Internal Electrical design drawings required to be submitted with this application be permanently withheld from public review.

These documents contain detailed system and equipment descriptions and related information about the product, which Cellvine considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Cellvine feels that this information would be of benefit to its competitors.

Please contact me if there is any information you may need.

Sincerely,

Richard Parker  
Technical Marketing Director
