**Overall Assessment Letter for Ericsson Mobile Broadband Module F3607gw
FCC id: VV7-MBMF3607GW2**

I have reviewed this application for a Single Modular Approval and find it compliant.

This is an application for a modular transmitter which supports 850/900/1800/1900/2100 MHz GSM/GPRS/EDGE/WCDMA/HSDPA/HSUPA.

As a result of the assessment review updated test reports were received to correct the equipment identification and FCC rule references contained in the reports as well as the frequency/channel information detailed in certain tests.

I underwent the FCC RF exposure training with the FCC in October 2008.

Yours sincerely

A handwritten signature in blue ink, appearing to be 'Vina Kerai', written over a horizontal line.
