**417 56 Gothenburg**  
**Sweden**

This is an application to permit installation of this module into a HP Notebook which also includes WLAN module which can co-transmit.

F5321 has been assessed for installation in the HP Notebook with the following modelname.  
HSTNN-W90C.

The notebook, within which the F5321 module is being integrated, supports WWAN in notebook mode, tablet mode, primary landscape mode and primary portrait mode. WWAN is not supported in secondary landscape or secondary portrait mode.  
WLAN is supported in all modes.

Please note the following

Co-transmission

The WLAN antenna is greater than 5cm from the WWAN antenna. For the antennas that simultaneously transmit and are located > 5 cm from each other, the KDB 616217 policy states that provided the antenna-antenna distance  $\geq 5\text{cm}$  AND antenna-user  $\geq 5\text{cm}$  AND SUM max 1g SAR  $< 1.6\text{W/kg}$ , then simultaneous transmission SAR evaluation is not required.
